A note from camp

Hello Girl Scout!

We spent all year getting ready to meet you and welcome you to camp!

As Camp Directors at your favorite camps, we know the magic that’s created at Girl Scout camp. It’s a special place for the Girl Scouts that came before us, and now we’re holding a spot for you to enjoy the magic, too. And, just like your first troop meeting or the first time you asked someone to buy Girl Scout Cookies, it’s okay to have butterflies—they’re just whispering how exciting your time at camp will be! Your Girl Scout sisters are all trying something new right alongside you, and that’s where the magic begins!

See you soon!

The ultimate summer camp experience meets uniquely designed Girl Scout leadership training. The result? Awesome memories and real-world leadership skills that will propel your success in Girl Scouts and much, much more. Working with others, balancing different opinions, finding your voice—you’ll conquer these essential skills in our updated camp leadership programs.

These special programs are progressive and age-specific, which means you’ll get training that meets you where you are right now. To get even more out of these programs, we encourage girls to attend the programs at all GSWPA camps for the benefit of learning in diverse environments. Multiple sessions are not required to progress through the program, but the more practice, the better! CITs will receive feedback and guidance from camp staff to help them continue to build their leadership skills. Girls are encouraged to build their leadership skills throughout the school year by volunteering during weekends at camp or with younger people in their community before applying.
