WE'VE GOT THIS!
Rally ‘em up

When girls band together, they are unstoppable! Celebrate the Girl Scout sisterhood at your rally by encouraging girls to grow and learn as a team through the Girl Scout Cookie Program®.

Whether you gather in person or via a virtual event, this guide provides inspirational and informational activities that will help each girl realize she can do anything—especially with her sisters by her side.
At the Starting Gate

Gather Girl Scouts at a community center, school, campus, stadium or other large space. Or, go remote with a virtual cookie rally!

Station setup

Think about the type of rally that might work best for your council. Will girls meet in person or participate online in a virtual rally? Will girls attend with their family, with their troop or are both options welcome?

If gathering in person, organize your event with six to 10 activity stations. Many groups use a “timed rotation” format (about two hours total), starting with girls in one larger group, then breaking out into smaller groups to visit various activity stations. Wrap it up with a big group, high-energy sendoff. Or, consider an “open house” format (about four hours total), where girls can join the fun at any time and work their way through stations at their own pace.

Build the 5 skills as a team

The Girl Scout Cookie Program® is so much more than selling cookies. Through the experience, girls build 5 skills that will last a lifetime: goal setting, decision-making, money management, people skills and business ethics. Rallies provide girls with opportunities to think about these skills and how to put them into action as a team.

Girl Scouts® Cookie Captains are a rally’s best friend!

For awesome cookie rally volunteers, call in the Girl Scouts Cookie Captains. These teens will take the lead and naturally become inspired about their own cookie sales. Plus, they can earn service hours that could go toward earning the Program Aid award or Service to Girl Scouting Bar. Find more info and program materials at LittleBrownie.com.

Dub teens “Sister Spirits” for mentoring young troops or guiding them through the rally!

Make it virtual! Host your rally online via an interactive livestream or pre-recorded video. Include all the elements of an in-person rally, from cookie training to goal setting.
Find all the rally resources mentioned in this guide at LittleBrownie.com/rally.

When girls sell Girl Scout Cookies®, they utilize the 5 skills—goal setting, decision-making, money management, people skills and business ethics—and learn to think like entrepreneurs. Girls can earn badges and pins for every year they participate in the Girl Scout Cookie Program®.

For more on badges and pins girls can earn, visit girlscouts.org/cookiebadges.
Team up for goal setting! 🌟 girls

Girls team up with their caregivers to set goals for the season, including how many packages they plan to sell. They work together on the first step of the Cookie Entrepreneur Family Pin requirement sheet. This activity is designed to connect girls and their caregivers with the five essential skills girls learn through the Girl Scout Cookie Program, and help them support development at home.

Earn & Learn Together! 🍪 🍫 🍪

Girls partner with their caregiver or troop volunteer to explore Girl Scouts’ National Program Portfolio and decide which badge or pin they want to earn. Girls leave the activity knowing which badge or pin they will earn this season. Distribute the Cookie Entrepreneur Family requirement sheet to girls at the end of the activity so they can start earning and learning with support from their caregivers after the rally is over.

Check off the boxes as you complete each activity with your family—you can earn a different pin each year!

**Junior Pins**

1. Strategize your sales.
   - Talk with your family to figure out a realistic goal of how many cookies you think you can sell, then set a second goal focused on your sales method—like how many packages you’ll sell digitally or how many customers you can upsell.
   - My troop goal is __________ packages so we can _______________________.
   - My personal goal is _________ packages, and my strategic goal is __________.

2. Learn from the past.
   - If you’ve sold Girl Scout Cookies before, think about what worked and what could have gone better. If this is your first time, ask a Girl Scout who knows the ropes to tell you about her experience. Make an “action plan” that includes everything you’ll need to run your cookie business.

**Cadette Pins**

1. Hit those benchmarks.
   - You already know how to set personal and troop sales goals and think of strategies you’ll use to meet them. Now try breaking your personal goal into benchmarks, or short-term goals, and share them with your family. Splitting your main objective into smaller goals to meet along the way will keep you on track, and giving regular updates to your family will let them know how to support you best!

2. Choose your path.
   - Practice decision making while earning the Business Planning, Marketing, or Think Big badge with your troop or on your own. Share what you’ve learned with your family and let them know specific ways they can help you launch your business plan, kick off your marketing campaign, or spread your big idea. Knowing when and how to ask for help and feedback will make you go far in the future!

3. Learn about financial planning.
   - Ask a family member or another trusted adult in your community to tell you about a time when they set and reached a financial goal. What was the goal? What did they do to make sure they reached it? Would they do anything differently based on what they learned from the experience? Think about how their knowledge could help you with your business.
