

Additional Activity Insurance

POLICY

Additional Activity Insurance must be purchased for any activities not covered under **Plan 1**.

Plan 1 Accident - The Basic Plan

Girl Scouts of the USA's insurance plan covers all individuals, members, and non-members, who are participating in an approved Girl Scout event or activity. This includes single-day events and multiple-day trips and activities.

The following are descriptions of the Girl Scouts Western Pennsylvania additional activity insurance plans:

Plan 3P - Accident Plus Sickness: Provides accident and sickness insurance for members and non-members as participants during events.

Plan 3P-I - International Extended Event: *Required for all international trips* Combines primary accident and sickness insurance coverage with emergency travel assistance service as a "safety net" feature for international trips lasting more than two overnights. A full roster with names and ages is required.

PROCEDURE

1. To request additional insurance for Plan 3P, complete the [Additional Insurance Request Form](#) (also on the Forms and Documents page of gswpa.org). Forms for 3P-I will be sent by the Girl Program team when a trip application is submitted.
2. A minimum payment of \$5 is required for additional insurance requests; however, multiple additional request forms (even if events are all different) can be combined to make one submission to Mutual of Omaha to reduce insurance costs.
3. If an email address is provided on the *Additional Insurance Request Form*, an insurance enrollment confirmation email will be sent.
