

2025 Woman of Distinction

Entrepreneurship

Angela Degnan
Executive Director
Zip With Us®

Angela Degnan is the executive director and co-founder of Zip With Us®, a pioneering nonprofit she established in 2017 alongside her husband, Brian, following their two-year-old son's cancer diagnosis. What began as a deeply personal mission has grown into the nation's leading provider of free, medically-adapted garments. Zip With Us® now serves over 150 pediatric hospitals, offering multiple products that are custom-tailored to accommodate medical lines, tubes, ports, accessories, sensory needs, and other specific medical requirements, helping children function more comfortably with dignity and safety while they receive their life-saving treatments.

A former Division 1 athlete, Angela brings discipline, teamwork, and resilience honed through her sports experience to her work

in the nonprofit sector. She holds a bachelor of arts degree in mass communication from Robert Morris University and has completed specialized courses such as Nonprofit Essentials: Scenario Planning for Development and Fundraising through The Forbes Funds, further expanding her expertise in nonprofit strategy and fundraising.

Outside of her professional endeavors, Angela enjoys spending time with her husband, Brian, and their four children—along with their two dogs. A passionate advocate for family and community, she is an active member of St. Mark the Evangelist Parish and volunteers extensively with her children's sports and extracurricular activities. Angela and her family prioritize travel, quality time with loved ones, and giving back whenever possible.
